Library of Virginia

Dear Ms. Clark:
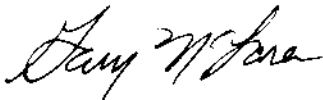

The following databases are being submitted by the Virginia Economic Development Partnership to update its index of databases:

> *How Virginia Compares*
> *How Virginia Localities Compare*
> *Sites and Buildings*
> *Community Profiles*

With the exception of the *How Virginia Localities Compare* database, all of these databases are updated on a regular basis and can be accessed via the web address www.yesvirginia.org. VEDP has other core business function databases created before July 1, 1997, which are therefore exempt from the disclosure requirements of Section 2.1-342.

Databases other than those listed above which may have been submitted previously should not be included in our current listing of databases. Thank you for your assistance in this update.

Sincerely,

Gary McLaren
Deputy Executive Director
